

# Save enough water to turn your pond into a lake.

In the year 2012, 300 million gallons of fresh water will be saved by Milnor customers using **PulseFlow® Technology** with proven excellence in wash quality. PulseFlow tunnels use a fraction of the water used by traditional tunnel washers. So more fresh water can stay where it belongs – in nature. Find out how your laundry can save money, time and tens of thousands of gallons of water using PulseFlow\* Technology – only from Milnor.
