### MWF100J7

## **220 lb. (100 kg) Capacity Suspended Washer-Extractor Specification Sheet**

#### STANDARD FEATURES:

- RinSave® water saving technology
- 7 speeds (2 wash, 1 distribution, 1 RinSave, 3 extract)
- E-P Plus<sup>®</sup> programmable controller
- Single-motor inverter drive
- Tall, lifting ribs
- Tapered roller bearings
- High M.A.F. (Mechanical Action Factor)
- Large cylinder perforations
- Fresh-water flushing chemical manifold
- Ten (10) liquid chemical injection ports
- Control reads in English/second language
- 5-year limited warranty on frame, cylinder & shell

### **OPTIONAL FEATURES:**

- Steam
- Electric heat
- 5 compartment flushing supply injector

### Why Purchase Milnor?

**BENEFIT: Saves water, energy and time.** RinSave® water saver in conjunction with large cylinder perforations provides more efficient rinsing.

**BENEFIT: Saves labor.** Larger cylinder volume than most competitive, similar-sized washer-extractors provides greater productivity. More linen washed per day, or fewer hours required to process.

**BENEFIT: Saves linen replacement costs.** Faster process times reduce fabric wear, promoting longer linen life!

BENEFIT: Greater mechanical action (M.A.F.) leads to better wash quality.

Greater cylinder perforated area, tall rib construction and precise cylinder speeds generate better cleaning results, better rinsing, and better extraction.

**BENEFIT:** Better extraction saves dryer fuel. 300-G high extract provides excellent moisture removal. Lower extract speeds are available for uniforms, delicate textiles and blended fabrics.

**BENEFIT: Fewer operator errors.** E-P Plus<sup>®</sup> controller with back-lit LCD display allows operator to choose formulas from real words, not codes. Standard controller features English/Spanish (other languages optional). Controller also provides diagnostic and error messages, shortening training time of new employees.

**BENEFIT: Faster repairs mean less downtime.** Superior product support through local, highly-skilled dealers.

### **MECHANICAL SPECIFICATIONS**

Capacity – lb. (kg)	220 (100)	
Cylinder Diameter x Depth – in. (mm)	48 x 32 (1219 x 813)	
Cylinder Volume – cu. ft. (L)	33.5 (949)	
Door Opening – in. (mm)	30 (762)	
Machine Dimensions (W x D x H) – in. (mm)	70.06 x 79.6 x 90.58 (1780 x 2023 x 2301)	
Shipping Dimensions (W x D x H) – in. (mm)	81.5 x 84 x 94.5 (2070 x 2134 x 2400)	
Motor – HP (kW)	20 (14.9)	
Wash Speed – RPM	30-38	
Distribution Speed – RPM	66	
Max. Final Extract – RPM	664	
Extraction G-Force	300	
Static Weight – lb. (kg)◆	6388 (2898)	
Max. Dynamic Load RMS – lb. (kg)◆	1321 (599)	
Frequency - Hz◆	11.07	
Water Pressure (Required) – psi (bar)	10-75 (.68-5.1)	
Water Valve - Cv Rating at 72°F (22°C)	49.1 (185.9)	
Minimum Recommended Distance Between Machines – in. (mm)	16 (406)	

### **ELECTRICAL SPECIFICATIONS**

Voltage	Running Amps	Fuse (Amps)	Circuit Breaker (Amps)
220/3/50-60	48	FRN60	60
208/3/60	50	FRN60	60
240/3/60	42	FRN60	60
380/3/50-60	26	FRS35	35
480/3/60	23	FRS30	30

See Fuse and Wire Size manual MAEFUSE1BE for safety information. Contact factory regarding single phase availability.

- $\blacktriangle\,\mbox{See}$  dimensional drawing for complete details.
- ♦ It is the sole responsibility of the owner/user to assure that the floor and/ or any other supporting structure exceeds not only all applicable building codes, but also that the floor and/or any other supporting structure for each washer-extractor or group of washer-extractors has sufficient strength and rigidity (i.e., a natural or resonant frequency many times greater than the rotational machine speed with a reasonable factory of safety) to support the weight of all the fully loaded machine(s) including the weight of the water and goods, and including the published 360° rotating sinusoidal RMS forces that are transmitted by the machine(s). Contact the factory for additional machine data for use by a structural engineer.
- Machine bases made from concrete should either be part of a monolithic pour or should be tied into foundation and not isolated from existing floor.
