Mechanical, electrical and programming concepts will be covered.

Attendees will also have a schematic & wiring activity to deepen the understanding of Milnor circuits and wiring.

Overview

- PBW/CBW Washing Principles
- Extraction Systems Shuttle Devices
- How to read MILNOR Schematics
- Overview of Mechanical Devices in CBW Systems

Registration Details

Enrollment is limited and accepted on a first come, first served basis. Ensure seminar space availability before booking hotel and plane reservations.

The fee for this training is \$600 per person per seminar.

Hotel accommodation and travel are not included in your registration fee. You are entitled to a special group rate at the host hotel. However, hotel reservations should be made at least two weeks in advance. Please use the link on the Milnor website to book with the Milnor rate. We strongly suggest you make reservations as early as possible, since rooms are on a space-available basis, and the rate may increase based on availability.

Deadline for enrollment is one week prior to seminar date. Make any cancellations prior to three days before the seminar start date to avoid \$50 cancellation fee. No refunds will be granted after class begins.

The seminar will be held on Milnor's campus from 8:00AM to 5:00PM each day. Shuttle service from Hilton to Milnor will also be offered each day.

Who Should Attend

Any field service, maintenance, plant engineer, operations or management personnel who deal with maintaining, repairing, and operating CBW® systems.

Each class assumes a basic knowledge of day-to-day CBW® system operations. This course is **not recommended** for personnel without a CBW® system experience.

What's Included

- Access to reference, parts, and electrical manuals for Milnor CBW systems
- Lunch each day.
- Certificate of attendance.
- Electronic copy of seminar materials.
